Other links to Scout24

In the Supervisory Board's opinion, Mr Finger maintains no personal or business relations with Scout24 SE or companies of the Scout24 Group, the governing bodies of Scout24 SE (other than the Supervisory Board) which, pursuant to recommendation C.13 of the German Corporate Governance Code, would have to be disclosed in the Supervisory Board's election proposals to the General Meeting; Scout24 SE does not have a shareholder with a material interest in Scout24 SE within the meaning of C.13 (1) sentence 3 of the German Corporate Governance Code.

Other board positions

None.

Education

Mr Finger holds a Master's degree in Quantum Physics from Technische Universität Berlin and an MBA from INSEAD Business School.

Career

- Lutz Finger began his career at Ericsson GmbH in Germany, where he was Deputy Director from 1998 to 2003 and defined the Ericsson Mobility World for mobile consumer applications.
- From 2004 to 2009, he was Channel Manager at Dell Inc., headed up Consumer Sales in Germany and in 2009 founded Fisheye Analytics, a media analytics platform acquired by the WPP Group in 2013.
- From 2013 to 2016, he was Director Data Science at LinkedIn and launched the AI-driven product "people like me". He then moved to Snap Inc. and established an analytics team as Director Product Analytics & Data Science.
- From 2017 to 2018, he was an independent consultant at Deutsche Bank / YUNAR and developed a mobile loyalty app.
- From 2018 to 2022, he was Group Product Manager at Google Health and developed innovative services for healthcare providers. From 2022 to 2023, Lutz Finger was President of Product and Development at Marpai Inc.
- From 2023 to 2025, he was Chief Executive Officer (CEO) of R2Decide LLC, a platform for generative AI tools, which he founded. Since 2024, he has also been a venture partner at Cherry.VC, a major European seed fund.
- Since 2025 Lutz Finger is Head of AI at XGEN AI, a leading AI-first platform powering the next generation of ecommerce personalization and search.
- He has been teaching AI and product courses at Cornell University in Ithaca, New York since 2015; in this context he developed the first online course with a virtual agent.
